OLD BUSINESS: no report

NEW BUSINESS: Taro spoke to the club about the changes that are going to occur shortly at the club. They will be closing holes 5 and 6 possibly as soon as next week. They are going to be redesigning these holes. The course is ready to go with the new temporary holes. There will be access available from hole 4 to get to hole 7 while they redesign these holes. The redesign includes raising hole #5 by 35 feet and widening it – there will be new drainage and no water will run through the fairway. On hole #6 the ditch will be gone and the fairway will be raised slightly.

Rating and slope will be reflexing the new changes.

He also spoke about the exciting change coming to the clubhouse. There will be a new clubhouse built and a new Senior Activity Center built where the driving range is now. The groundbreaking for that will be perhaps in June. Shorecliffs will be working out of trailers while the new changes are taking place.

The meeting was adjourned at 8:50 am.

Respectfully submitted,

Anita Thibault, Secretary
